with unusual sleep when, a hacking cough
and general debility. Only a few of the above
named symptoms need to be present in order
to make a diagnosis. Thousands of cases annually,

rise in consumption and end in the
grave. Catarrh is so common, more deep-
and dangerous, of best understood by phys-
icians.

"Tasteless Azot from Catarrh."

Prof. W. Hyatt, the famous mezzanist,
of Albany, N.Y., writes: "Some two years ago I
suffered most severely from catarrh in my
head. My family physician gave me no
remedy, and said I must take care of myself
as he could do nothing for me. A friend advised
me to try Dr. Sage's Catarrh Remedy, and I
am now a well man. I believe it to be the
only sure remedy. As I have now manufac-
tured and sold this only for six months, I was never
able to determine results, and a permanent
cure has been permanent."

Constantly Hawking and Spitting.

Thomas J. Thompson, Esq., 280 Pine Street,
St. Louis, Mo., writes: "I suffered from catarrh
for nearly a year. At times I could
hawp, and at other times hawp
and spit. I consulted many physicians
and dentists, and had a long and painful time. I thought
nothing could be done for me. A friend advised
me to try Dr. Sage's Catarrh Remedy, and I
am now a well man. I believe it to be the
only sure remedy. As I have now manufac-
tured and sold this only for six months, I was never
able to determine results, and a permanent
cure has been permanent."

A complete treatise on Catarrh, giving valuable
hints and receipts, and other matters
of interest, will be printed, postpaid, 5 cents
each, on receipt of a twopost postage stamp.
